## **Further information on how to get there and about the Nuremberg metropolis Nuremberg**

### **- Arrival by train:**

**Directly at the station Hauptbahnhof Nürnberg (see map):**

In the "E" section (on the track where your train stops), follow the sign "SOUTH EXIT". After you have taken the steps down, you reach the exit door at the end of the corridor. The hotel is located directly on the opposite side.

### **- The Nuremberg airport**

is about 6 km from the hotel. You can easily take the underground **U2** from there to the main station and leave it again at the South exit.

### **- The city center**

The best way to reach it is on foot. The Königsstraße starts right on the other side of the station. If you go straight ahead, you will get directly to the main market (about 15-20 minutes).

### **Short information about Nuremberg** (second largest city in Bavaria):

The city of Nuremberg is located in the north of the state of Bavaria. The cityscape is characterized by medieval architecture such as the fortress walls and towers of the old town. On the northern edge of the old town the red tiled roofs of the Kaiserburg rise above. In the main market in the city center are the partially gilded, multi-level beautiful fountain and the Gothic Frauenkirche from the 14th century.
